

May 2016

Speed is all – Quality is everything!

The tagline we are proudly using for our activities at the yard and practising on your vessels is our mantra also when it comes to our employees and representatives. In this news letter we are proud to inform you differently than usually. The newsletter is solely about our increased presence in the market. We proudly announce that we have engaged Mr. Uwe Beck as our representative in Central Europe.

Mr. Beck having his office in Bremerhaven, close to the maritime Germany, Netherlands and Belgium. From 1st of May Mr. Beck is taking the lead for exploring FAYARD's market opportunities in the above mentioned markets.

For those of you who have not met Mr. Beck yet we can inform that he is a competent maritime repair capacity having a lifelong track record in the maritime repair business.

Mr. Beck has been through all the relevant positions relating to the technical and commercial side of the ship-repair business. Being a Graduate Engineer (Diplom Ingenieur) Mr. Beck started in 1975 as estimator in the shipyard department of MWB Motorenwerke, Bremerhaven. In the lifelong career he has possessed managing positions at Rickmers Lloyd Dock Betrieb, German Dry Docks and lately retired being 65 as the CEO of the engine repair company MWB AG. All in all, 40+ years track record in the ship repair and conversion business from basis to top positions is characterizing Mr. Beck.

We welcome proudly Mr. Beck To FAYARD and encourage you to also contact Mr Beck directly for initiating dialog about your vessels and possible taking FAYARD into your tendering processes.

Best regards
Thomas Andersen
